

CENTRAL MICHIGAN LAPIDARY AND MINERAL SOCIETY

Vol. 1

No. 3

COME ONE!

COME ALL!

OLD FASHIONED AUCTION, OCTOBER 19, 1957

EAST LANSING HIGH SCHOOL, 7:30 P. M.

Bring some specimens to donate to the auction, and bring some money to buy a fine new specimen for your collection.

Wear your field trip clothes, and come prepared to have a good time.

This annual auction has two main purposes:

1. To supplement the club's treasury by raising funds without raising dues.
2. To add good specimens to the members' collections at reasonable cost.

A field trip has been planned to the limestone quarry at Bellevue on either October 19th or October 26th. Marcasite, calcite and some fluorite is found at this quarry. Details at the meeting on Thursday. WHICH DATE DO YOU PREFER?
